

VACANCY

SENIOR CARD PAYMENTS DEVELOPER
(ISO 8583/VISA/MASTERCARD)

DIGITAL TRANSFORMATION OFFICE – HOST APPLICATIONS

LOCATION: CURAÇAO

JOB DESCRIPTION

Are you an experienced developer looking to keep transaction flows seamless across the Dutch Caribbean's leading financial institution? In this role, you will build, enhance, and support the systems handling ISO 8583

messages between MCB and card networks (Visa and Mastercard) on our IBM i (AS/400) platform, ensuring smooth authorizations, clearing, settlement, and rapid incident resolution.

MAJOR ACCOUNTABILITIES

- Build and maintain interfaces exchanging ISO 8583 messages with Visa and Mastercard, including bitmaps, data elements, response codes, reversals, clearing, and settlement flows.
- Implement mandatory Visa and Mastercard semi-annual compliance releases and scheme changes on schedule.
- Analyze business requirements and write, test, document, and review robust RPG IV/ILE and CL programs on IBM i.
- Connect new card products, payment channels, and third-party systems to the host banking environment.
- Investigate and resolve live transaction incidents, failed authorizations, and reconciliation breaks, while participating in the application on-call rotation.

KEY COMPETENCIES

- **Analytical & Problem-Solving Skills:** Strong ability to trace complex transaction failures, identify root causes, and resolve settlement or message format discrepancies.
- **Planning & Execution:** Proven capability to estimate development timelines, plan and execute rigorous testing cycles (unit, system, regression, integration), and prepare production releases.
- **Collaboration & Communication:** Clear written and verbal communication in English, Dutch, and Papiamentu, with the ability to review code and collaborate effectively across technical and business teams.

QUALIFICATIONS: EDUCATION AND EXPERIENCE

- **Education:** MBO level 4 or higher in Computer Science, or equivalent.
- **Professional Experience:** 5+ years of experience as a programmer/analyst, including hands-on experience supporting production systems and handling incidents under time pressure.
- **Technical Knowledge:** Strong expertise in ISO 8583 messaging, Visa/Mastercard processing (authorizations, clearing, settlement, chargebacks), RPG IV/ILE, CL on IBM i (AS/400), DB2 for i, SQL, and Query/400.

BESIDES THE EXCITEMENT AND THE CHALLENGE WE OFFER:

- Competitive salary and performance bonuses.
- Standard office environment and working conditions with option for hybrid working.
- Comprehensive healthcare package.
- Retirement savings plan.
- Generous vacation and sick leave.
- Talent and development opportunities.
- Employee assistance program.
- A vibrant workplace culture with team events and activities.
